PROJECTS

CiCO Agency Banking → Financial Inclusion

Banking services to under-banked and unbanked. (<https://agents.cicoserve.xyz>)

Agency Banking simply provides financial services at your fingertips. Most banks use agents to make their services easily accessible where they cannot have a presence. We provide this platform online and offline to make banking features such as Cash-in-Cash-out solutions, POS terminals activation, utility bills payment, account creation, etc. accessible anywhere.

MallamX → Cryptocurrencies

Move currency to many parts of the world. (<http://contraxia.mallamx.com>)

Cryptocurrency market is volatile, we help to move your money to an account in the US and other supported countries at a very cheap rate and in an awesome way.

Kukusend → Cryptocurrencies

Send Money, Pay Bills and Utilities. (<http://kukusend.com>)

Send Money, Pay for cable services, Energy and send vouchers to loved ones. E.t.c.

Okeyson → Transportation

Transportation simplified. (<http://okeyson.ng>)

Book various vehicles to travel online and move cargos to various locations.

Officemate Suite → Office Automation & Asset Management

Asset Management. (<https://comercio.tismate.com>)

Onboard staff, organize payroll, Employees self services etc.

TradeFi → Financial Trading

Savings and Investments. (<https://trade.fi.ng>)

Buy trading instruments such as "Treasury Bills" and "Fixed Income Securities". Add securities to the watchlist and get price updates.

Mainstreet MFB → Finance

Loans, Savings and Investments. (<https://zojatechdemo.com>)

Save Money and invest in several opportunities. Receive loans at very cheap rates.
